We are starting our Summer Yard Sale Days on the Last Saturday of each month, now through October! You can set up your items for Sale starting at 8am and pack up whenever you are ready! There is no need to RSVP! Just meet your neighbors! You can also create and set out signs the Friday before and take them up by Monday morning to advertise.

## Spring Cleaning Tips and Tricks- Part 4!

- 1) To keep spiders out of your home, use whole Walnuts in the shell. Place them in all the corners of your home, including behind furniture, and forget them! Change them out in about 6 months if you start to see spiders in your home.
- 2) Specific plants in planted pots in and around the entrances to your home can keep away a variety of insects, such as Marigolds, Rosemary, Lavender, Citronella, and more. Use Spearmint, Thyme, or Eucalyptus will help repel wasps as well.
- 3) To keep out ants, cockroaches, and other crawling insects place slices of cucumber, fresh bay leaves, or mint leaves/tea bags in the areas that they are coming in to keep them out of the house.
