

## Summer Reminders and Tips

*As the summer gets into full swing, we have a few reminders and tips for everyone!*

- 1) Please be aware of your surroundings and watch for children playing outside.
- 2) Know the signs of heat exhaustion in your children and pets: confusion, fainting, fatigue, headache, paleness, etc. For a complete list, please visit a website like [webMD.com](http://webMD.com), [mayoclinic.org](http://mayoclinic.org), or speak with your child's health care provider and pet's veterinarian.
- 3) When looking to borrow a lawn mower from Self-Help, please remember that we have a limited number of mowers and they cannot be given out when the grass is wet from rains. Each resident who borrows a mower is responsible for cleaning it after use and providing the gas necessary when in use.
- 4) The summer months are a very busy time for everyone, so for your convenience and peace of mind, please consider giving maintenance permission to enter your home when placing a work order.

We are continuing our Summer Yard Sale Days on the Last Saturday of each month, now through October! You can set up your items for Sale starting at 8am and pack up whenever you are ready! Please feel free to create and set out signs the Friday before and take them up by Monday morning to advertise.

## Spring Cleaning Tips and Tricks- Part 5!

- 1) For dirty oven racks, soak them in the bathtub or sink with hot water, dryer sheets, and a 1/2 cup of dawn overnight. Anything that does not fall right off, use a new dryer sheet to remove.
- 2) To make a super shower cleaner, use equal parts white vinegar and Dawn in a spray bottle. Spray all over the shower and let sit for 2 hours then wipe clean!
- 3) If your dishwasher is starting to get dirty, make magic dishwasher cleaner! Place a cup of white vinegar in the top rack of your empty dishwasher, then run a hot cycle. When completed, sprinkle baking soda on the bottom of the dishwasher then run a short cycle for a fresh and clean smell!
