

COMMUNITY DIRECTOR UPDATE

AUGUST 1, 2026

COMMUNITY NEWS

August is a great time to check outdoor areas for any items that may block lawncare access. Please ensure toys, bikes, and personal items are stored properly so our vendors can service yards efficiently.

Thank you to all residents who continue to maintain beautiful yards, support neighbors, and participate in community events. Your involvement helps make our neighborhoods welcoming all summer long.

MAINTENANCE TIPS

Support Your Cooling System – Replace air filters, keep vents open, and avoid drastic thermostat changes to help your AC keep up with the outside temperature.

Yard Access Reminders – Clear toys, hoses, and personal items from lawns so vendors can mow safely and completely.

Watch for Pests – Ants and wasps are more active in the summer. Keep food sealed, trash lids closed, and avoid leaving pet food outdoors.

Hydration For Lawns – Water early in the morning to reduce evaporation and help grass stay healthy through peak heat.

Storm Readiness – With hurricane season underway, ensure outdoor items can be quickly brought inside and review your family's emergency plan.
