COMMUNITY NEWS

Road Closure – Skinner Drive November 1st–6th

To complete the final utility tie-in for the DPW Water Main Installation Project, contractors will need to open-cut across Skinner Drive due to the number of existing utilities in that location. A small portion of Skinner Drive will be closed from November 1st through November 6th and traffic will be rerouted around the work area during that time. Residents will continue to have access to and from their home throughout the closure.

Community Dumpster – For Residents Only

The community dumpster is now located at the cul-de-sac at the end of Tripp Drive (behind Simpson Drive). Please dispose of all future items at the new location.

All items brought to the dumpster must be placed inside the dumpster – nothing should be left on the ground or set beside the dumpster. Bulk items such as couches, mattresses, TVs and other large pieces of furniture must also be placed inside the dumpster and should never be left outside or off to the side.

If the dumpster is full, or if adding an item would cause anything to stick out above the top, please wait until the dumpster has been emptied or replaced before disposing of your items.

MAINTENANCE TIPS

Preventative Maintenance Inspections

Each year, our team completes preventative maintenance inspections in all homes to help keep your home safe, comfortable, and operating efficiently. During these inspections, our maintenance professionals inspect and serve key household systems, including:

- HVAC systems, filters and coils
- Refrigerators, including cleaning coils and drain lines
- Smoke and carbon monoxide detectors
- Windows, sinks, toilets, and water heaters
- GFCI outlets, switches, and exhaust fans
- Dryer vents and vent hoods
- Gutters, roof visual inspections, and mechanical areas
